#### Improve Your Putting

CAPTO

### WHAT IS CAPTO EZ

Capto EZ is a smart putting system, with a clear and efficient app that will help you getting better in your putting.

Learn what to work on and understand your putting stroke with Capto , a great visual display to improve your movement.

#### **Display Monitor**

Instant feedback on key parameters, even when device is not connected to the app. Great for warm up and practice.

#### **Quick Set Up**

Just connect the EZ sensor to the top of the shaft with the super quick screw lock and start putting. No need to measure, just putt!

#### Solid & Light

Capto EZ has been shrink wrapped to be small, lighter and even more portable than any device before. Great for Indoor and Outdoor
